

Pungo Christian Academy

Rising 4th Grade Summer Reading List

Reading is a fundamental building block for all education. When a child reads, he or she is building vocabulary, learning comprehension, time sequence, and spelling, just to name a few. This skill will affect every area of their school career and their life. Please have your child read at least 400 pages (or more) from any of the following books this summer. Question them periodically on what they have read or have them summarize it for you. When school resumes after the summer, they will need to hand in a list, signed by a parent, of each book read, its author, and the number of pages.

These books are all “BATTLE OF THE BOOKS” books, so any students interested in doing “Battle of the Books” will have a head start 😊

AUTHOR

TITLE

Author	Title
